

THE 7 FUNCTIONS

OF iTeraCare THZ

LIGHTWAVE CELL

THERAPY DEVICE

1

IDENTIFICATION

able to detect blockage, and inflammation within our body; according to Traditional Chinese Medicine - blockage will cause pain, no pain means no blockage

THZ Frequency can penetrate the skin by 20 - 30 cm, and it's able to reach the bone marrow

2

ELIMINATES UNHEALTHY CELLS

after using iTeraCare for some time, discomfort should gradually lift

THZ vibration is the same as in our cells, abnormal bad cells will absorb much of the THZ energy and will be eliminated. It is recommended to consume warm water with treatment.

3

ACTIVATES INERT CELLS

after using iTeraCare, the body should feel more comfortable and energetic

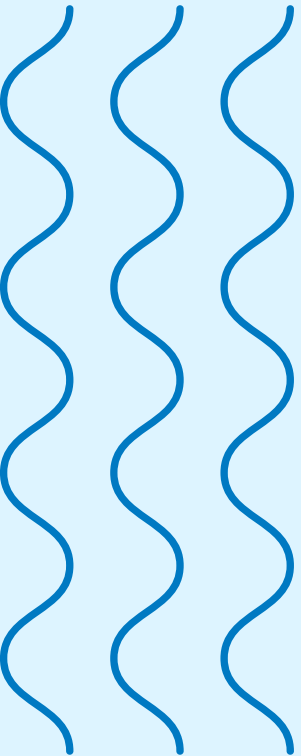

Normal cells will absorb the THZ energy and moderately increase in temperature and be activated.

4

REPAIRS DAMAGED CELLS

using iTeraCare over our body daily could help enhance the regeneration of our cells

THZ has the same resonance with our normal cells, it induces and strenghtens DNA organic molecules by enhancing self repairing body cells.

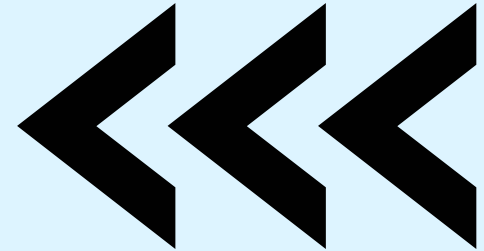

5

CLEARs THE LYMPHATIC SYSTEM

using iTeraCare on lymphatic areas will help to cleanse blood impurities and the inner body, improve blood circulation, remove clots and soften our blood vessels

THZ waves dilate our blood vessels, reduce blood flow resistance and viscosity, improve blood circulation and prevent diseases.

6

CLEARs MERIDIAN POINTS

stimulates accupuncture points, improves Qi circulation, clears the meridians and strenghtens our body

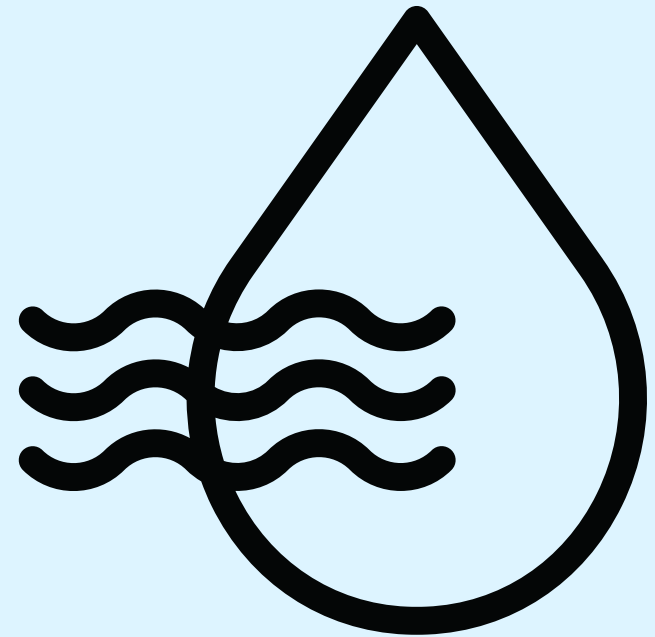

THZ frequency resonates with our normal cells, improves our blood circulation and clears the meridian points in the body.

7

REMOVES BODY HUMIDITY

using iTeraCare, our body should clear unnecessary moisture, balance its levels of alkaline and acid

Normal cells will slightly absorb the THZ frequency and increase in temperature moderately to warm up our body and unhealthy moisture will be cleared.
